### **Splash Tops**

Breathable, windproof and waterproof rowing jacket. Half zip, with fleece lined collar. Technical fabrics help draw moisture away from the body to keep rowers dry from the inside as well as the outside.

As an additional option, your name or initials can be embroidered on the top opposite the Club logo. This costs £3 extra.

### **Technical Top**

Designed to be worn against the skin as a base layer, the tops are made from technical fabrics that are lighter, stronger and more durable than cotton tops. They dry faster than cotton to lessen the likelihood of catching a chill. They are crease resistant.
